Applicant's Request for Exception to Publication

1. This is Applicant's timely-filed Request for Exception to Publication.
2. Applicant is *pro se* and has only just learned of the rule changes.
3. Applicant requests exception to publication because the invention disclosed in the application has not and will not be the subject of an application filed in another country, or organization such as the European Patent Office, that requires publication of applications 18 months after filing.
4. Applicant notes that the U.S. Supreme Court has ruled that any *pro se* litigant is entitled to less stringent standards [U.S. Rep volume 404, pages 520-521 (72)].
